FlowTherapy Massage Co.

WELLNESS MADE ROUTINE.

FlowPass Membership Terms

Your monthly plan

75 minutes: $140 per month (regularly $155).
90 minutes: $160 per month (regularly $175).
Each plan includes one personalized Signature Flow Bodywork session per membership cycle, with no separate deep tissue charge and eligible Recovery Lab tools included.

Enrollment & monthly payment

Submitting an enrollment request does not activate a membership or authorize recurring charges. FlowTherapy will confirm your selected plan, start date, billing schedule, and payment arrangements during enrollment. Membership begins once enrollment and payment are completed.

Commitment & cancellation

FlowPass has a three-month minimum commitment, then continues month to month. After the initial commitment, cancellation requires 30 days' notice. Contact FlowTherapy to arrange cancellation and confirm your final billing date.

One-session rollover

One unused monthly session may roll into the following membership cycle and must be used by the end of that following cycle. Sessions do not accumulate indefinitely. Book early enough to use your session before its expiration.

Member benefits

$20 off additional massages. $10 off CBD Calm and TriFlow Muscle Recovery FlowBoost enhancements. One complimentary birthday FlowBoost. Time Boost is excluded from the FlowBoost discount and birthday benefit.

Pausing your membership

Membership may be paused for up to three months, up to twice within a 12-month period. Arrange your pause with FlowTherapy so the pause dates, billing adjustments, and session availability are confirmed before it begins.

Personal use & appointments

FlowPass memberships and included monthly sessions are nontransferable and may not be shared. Appointments are subject to availability. Regular booking, cancellation, no-show, and late-arrival policies apply; cancelling with less than 24 hours' notice forfeits a required $50 appointment deposit.

Review before activation

Review these terms and your confirmed enrollment details before activating your membership. Any recurring-payment authorization is completed separately through the payment process.
